Hi Dave:

I'd gotten your phone message and missed getting back to you before your meeting. But I've double-checked the input back from Linda Hall and Don Wayne about the question of whether OR CZARA penalty would kick in in FY14 or 15. And the agreement was it would not apply until FY15. I also communicated this to ODEQ (Adam Coutu, who was looking into this on behalf of Greg Aldrich last Dec). I think the way it would happen is HQ would have to withhold the percentage of Oregon's allocation before we get it (their decision). And they would re-distribute to other states. We should be getting the FY14 state allocations in next few weeks and no indication OR will have a reduction this year.

Note their current 2-year PPG (ending 6/30/14) is fully funded with FY13 319 funds. But the next PPG beginning in July will need new FY14 319 funds.

Their FY 14 319 projects application should be funded by April or May..

Rick
